

**INVITATION TO BID: JETTY CREEK
DIVERSION AND STREAM RESTORATION
IMPROVEMENTS PROJECT
NEHALEN, OR**

Bids due: February 14, 2017 @ 3:00 pm

Sealed proposals for the construction of the Jetty Creek Diversion and Stream Restoration Improvements Project will be received by the Lower Nehalem Watershed Council P.O. Box 249, Nehalem, Oregon, 97131, until 3:00 p.m. on February 14th, 2017. Signed Proposals can be emailed in PDF format to LNWC@nehalemtnet.net. LNWC is undertaking the project to restore fish passage and improve the raw water impoundment at the City of Rockaway Beach's municipal water treatment facility on Jetty Creek.

The work consists of, but is not limited to, the following items: construction of a new, off-channel raw water impoundment and liner; construction of a fishway channel to bypass the raw water impoundment; retaining wall; and all related site work including fencing, temporary pumping, temporary water diversion and miscellaneous construction work as shown in the drawings. Work will be coordinated with ODFW Fish Passage and Screen Shop who is installing the project's fish screen and appurtenances.

The contractor will be required to comply with dewatering, erosion and sediment control measures throughout the duration of the project. The Contract Documents for this project may be examined at Lower Nehalem Watershed Council's office at Suite 220, 278 Rowe Street, Wheeler, Oregon, 97147 or obtained electronically [fromhttp://lnwc.nehalem.org/](http://lnwc.nehalem.org/).

A mandatory pre-bid conference will be held for this project on February 1st, 2017 at 11 am at the City of Rockaway Beach City Hall, 276 Hwy 101 S., Rockaway Beach, OR.

For reference, this project is required to comply with Prevailing Wage requirements. Furthermore, when the project is awarded, the successful Proposer shall promptly execute the Contract as stated on the Proposal Form. The in-water work period established for this project is from July 1, 2017 to September 15, 2017. Final completion of the project shall be by October 31, 2016.
